guide app

2. Choose a spot
guide
(Saga or Kameoka)

3. Tap the download

4. Tap the start

5. Automatically
start playing when
approaching the
location of the guide

~ 25-minute historical journey by Romantic Train ~

"Remembering the twists and turns"

The Sagano Romantic Train has many twists and turns. The tracks, the Hozu River, the story of the train... From the open train window scenery of the Romantic train Let's travel through three questions.

01. What can we glean about the RomanticTrain's roots from riding it?

02. Without the Hozukyo Ravine, would Kyoto even exist?

03. What were the hardships involved in getting the train to run across sheer cliffs?

Take a historical trip at home! You can listen to it on your computer, etc. at this URL.
